10/28/2024

Dear Voter,

The Election office was made aware that voters who received advance ballots by mail and voters that cast a ballot in person on Monday, October 21st or Tuesday, October 22nd, at the Neosho County clerk's office, did not receive ballots that contained the following races: Appeals Judges, District Court Judges and District Magistrate Judge.

All judges were notified of this error and immediate action was taken to correct it.

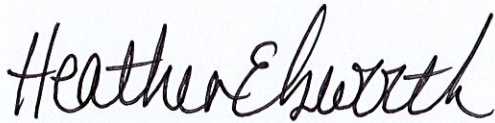

An addendum ballot, containing the races listed above, was created on Tuesday, October 22nd. At the start of voting on Wednesday, October 23rd, voters were issued the addendum ballot in conjunction with the initial ballot.

Friday, October 25th, corrected ballots were received and began being issued to all early voters moving forward, beginning at 12:00 p.m. (Noon).

By end of day Friday, October 25th, all addendum ballots were mailed to those affected by this error. **These voters only had the opportunity to vote 1 time per race.**

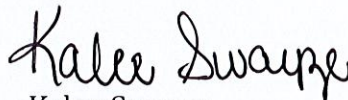

All addendum ballots cast will be hand counted by an audit board on the night of the election and reviewed by the canvass board on November 12th.

We apologize for this inconvenience and appreciate your patience regarding this matter.

Heather Elsworth

Neosho County Clerk/Election Officer

Kalee Swayze

Neosho County Deputy Election Officer
